

# WEATHER OUTLOOK

EMA@CLAYTONCOUNTYGA.GOV

770-473-3512

### Overview:

Showers and storms will start to overspread southern Georgia throughout the day today. A few of these storms could be strong, but the greatest severe weather threat will be late tonight through Saturday morning. These thunderstorms overnight into Saturday morning could pose a significant damaging wind and tornado threat. The Storm Prediction Center has issued an Enhanced Risk for portions of southern Georgia, indicating confidence that a severe weather event will occur Friday night and Saturday morning across southern Georgia and potentially into Central Georgia.

- Heavy rain potential for much of north and central GA (Friday night).
- Windy Conditions (Friday - Saturday)
- Cold Temperatures (Saturday evening)
- High Risk of Tornadoes South Georgia (late Friday night)

### Severe Weather Preparedness

- Check the forecast regularly to see if you're at risk for severe weather.
- Listen to local news or a NOAA Weather Radio to stay informed about severe thunderstorm watches and warnings.
- Have a family plan that includes an emergency meeting place and related information.
- Conduct a family severe thunderstorm drill regularly so everyone knows what to do if a damaging wind or large hail is approaching.
